A POOR DAY FOR ROBBERS.

Bank Holdup Near Cleveland Proves Unsuccessful.

One Bandit Dead and Two Are Held Under Arrest.

Lone Train Man Defeats Express Car Attackers.

BY A. P. NIGHT WIRE.  
CLEVELAND (O.) Oct. 21.—George "Jiggs" Loster, said to be under indictment in many States on charges of murder and robbery, is under arrest at a hospital, shot through the neck, as the result of a street fight at Bedford, ten miles from here late today, which resulted in the death of one bandit, the serious wounding and capture of two others, and the probable fatal shooting of a bank clerk. More than 200 shots were fired.  
The fight was the culmination of one of the most spectacular bank robberies ever staged in this State, during which eight bandits held up the Bedford branch of the Cleveland Trust Company.  
CLERK DYING.  
The dead man was identified as Albert Joyce, alias Johnson, William Petrie, a bank clerk, was the victim of a shotgun in the hands of a citizen who had answered the burglar alarm and mistook him for one of the bandits. Physicians say he is dying.  
The robbery occurred just as the bank was closing. Six of the gang entered with drawn revolvers and commanded the five employees and three customers to the rear of the building.  
MACHINE STALLS.  
Seizing all the money in sight, said to amount to \$50,000, the bandits rushed into the street. Almost simultaneously C. C. Fickinger, manager of the branch, touched the burglar alarm.  
E. W. Porter, a tire dealer, fatally shot Joyce, who was at the wheel of the waiting automobile.  
Unable to start the engine, the other bandits fled, leaving the money in the machine. During the ensuing fight Loster, Harry Stone and an unidentified man were wounded.  
Poses tonight are searching for the four other members of the gang.  
TRAIN ROBBERY FAILED.  
BY A. P. NIGHT WIRE.  
CHICAGO, Oct. 21.—Three men whose attempt last night to rob the express car of the Detroit-Chicago Flyer of the Michigan Central Railroad was frustrated by Gustave Meckerman, express clerk, were still uncaught today.  
The men boarded the train at Niles, Mich., and beat down part of the car entrance with an iron bar. Meckerman wounded one of the men in the hand which was groping for the spring lock. He braced packing cases against the door and exhausted his ammunition, holding the men off for more than an hour. The three escaped in the Michigan City yards.

Armour Company and Individuals Face New Charges

BY A. P. NIGHT WIRE.  
NEW YORK, Oct. 21.—The Federal grand jury today, as the result of a secret investigation conducted by an assistant of the Attorney-General's office, returned an indictment against Armour & Co., Chicago packers, and against the officers of the company, individually, charging them with profiteering in violation of the Lever Act.  
The company officers indicted include: J. Ogden Armour, president; S. E. White, vice-president; Herbert A. Phillips, manager of the dressed meat department in Chicago; Arthur H. Van Pelt, district superintendent in New York. Indictments also were returned against Charles A. Neyer, an assistant in the office of Vice-President White, and William A. Leitch, another employee in the city.  
The indictment contains 137 counts, each of which describes a sale of New Zealand lamb at an alleged unlawful and unreasonable rate during April, May and June. The meat, it is charged, cost Armour & Co. \$18.48 per 100 pounds; that the lowest it was sold for was \$23 and the highest, \$35. All the sales were made to customers in Manhattan and Bronx.  
The investigation on which the indictments were based covered eight weeks, during which period it was found, according to the indictment, that the average selling price of the entire shipment of New Zealand lamb disposed of by Armour & Co. was \$25.17 per 100 pounds and the average net profit to the company was \$6.61.

VAN CAMP JURY FAILS TO REACH A VERDICT.

The jury, including eight women, which tried the suit of Gilbert Van Camp, son of Frank Van Camp, wealthy sea food packer, against his step-mother, Euphrasia Van Camp, contending that furniture valued at \$30,000 she retains, belongs to the estate of his deceased mother, Clara Van Camp, returned to Judge Meyers' court last evening and were discharged because they failed to agree on a verdict. The case will be reset for trial.  
Frank Van Camp who was recently divorced from the defendant, testified that the furniture did not belong to him, and that he never gave it to Mrs. Van Camp. The furniture had been divided among the children of Mrs. Van Camp. It had been installed in the twenty-five-room mansion Mr. Van Camp built in Indianapolis for his first wife, and was shipped to this city when he married Euphrasia Van Camp, he said. He was represented by Kemp and Clewett, Fredericks and Hanna were counsel for Mrs. Van Camp.

CHICAGO, Oct. 21.—Declaring that "with our lamb business as a whole showing a loss it seems a rather bitter joke to indict us for making too much money," officials of Armour & Co. today issued a statement commenting on the Federal indictments returned in New York, charging profiteering.

## THREAT TO BOMB BUILDINGS

Gov. Stephens Receives Anonymous Letter Telling of I.W.W. Plot.

(BY A. P. NIGHT WIRE.)

SACRAMENTO, Oct. 21.—An anonymous letter telling of a purported plot by Industrial Workers of the World to destroy simultaneously tonight public and other buildings in Sacramento, San Francisco and Los Angeles, was received at the office of Gov. Stephens.

At the Governor's office it was said, 41 officers today began an investigation of anonymous threats to burn certain newspapers in Northern Texas unless they support a movement to hold cotton price rises to 30 cents a pound.

The following letter was received by the Lancaster Herald at Lancaster:

"Print in tomorrow's paper in big headlines: 'Farmers put cotton prices until cotton is 30 cents. There is plenty of matches in Dallas and Ellis counties.'"

It is said that two Dallas newspapers have received similar threats.

(BY CABLE AND ASSOCIATED PRESS.)

MILAN, Oct. 21.—A bag containing five bombs, two tubes of explosives and several pounds of shrapnel was found today under a bench in a public garden near the Hotel Cavour, where bombs recently were exploded.

NAPLES, Oct. 20.—The police, following evidence obtained of a vast anarchist plot, today searched the houses of many noted extremists and sequestered a large quantity of pamphlets containing anarchistic and communist propaganda. The pamphlets were written in Russian, Italian, German and English, the last named being intended for transmission to the United States.

Many Hungarians and Russians have been arrested and expelled.

DALLAS (Tex.) Oct. 21.—Feder-

## REED AT PERSONALLY CONDUCTED MEETING.

SENATOR HAMMERS BOTH REPUBLICANS AND DEMOCRATS ON LEAGUE STAND.

(BY A. P. NIGHT WIRE.)

KANSAS CITY, Oct. 21.—Senator Reed of Missouri, in a personally conducted meeting at Convention Hall tonight, for the purpose, he said, of giving an accounting of his stewardship, declared no treaty can ever have the breath of life breathed into it except in the United States Senate.

"The Democratic candidate for President is for the present League of Nations with reservations, but nobody knows that they are; if he is elected I fear the influence of Woodrow Wilson," he said.

"The Republican candidate for President is for an association of nations, but asserts he does not know what it will be; if he is elected I shudder at the influence of Elihu Root and the international bankers."

"Obviously America's interests demand the election of a Senate that will spurn every form of internationalism."

"So important do I regard the election of a Senate hostile to the infamous doctrine of internationalism, that I am hurrying to the close of this address that I may go to Wisconsin where the contest is between the mild reservationists, and a Democrat who endorses the League almost without change. I deem it my duty to give all the aid I can to the independent Republican, Thompson, who is running for the Senate upon an American platform."

Senator Reed explained that he had called the meeting himself and that no political party, committee or candidate was in any way responsible for what he said tonight. He declared that he never had failed for a moment to remember that as a member of the Senate, his vote af-

fected 110,000,000 American citizens and that serious mistakes might bring disaster to the republic.

## CRAZY OVER BASEBALL; CHURCH TO BE SOLD.

(EXCLUSIVE DISPATCH.)

TRENTON (Ind.) Oct. 21.—The Methodist Episcopal Church here has closed its doors and the building is offered for sale.

The populace was so "crazy" about Sunday baseball that attendance dropped off to nothing, church trustees said.

## Sore Throat

Cough, Colds, Croup, Catarrh

Relieved in Two Minutes

Is your throat sore? Breathe Hyomei. Have you catarrh? Breathe Hyomei. Have you a cough? Breathe Hyomei. Have you a cold? Breathe Hyomei. Hyomei is the treatment for nose, throat and lung troubles. It does not contain cocaine, morphine or other dangerous drugs and does away with stomach dosing. Just breathe it through the little pocket inhaler that comes with each outfit.

A complete outfit costs but little at the Owl Drug Company or any reliable druggist and Hyomei is guaranteed to banish catarrh, croup, cough, cold, sore throat and bronchitis or money back. A Hyomei inhaler lasts a lifetime and extra bottles of Hyomei can be obtained from druggists for a few cents.

**MI-ONA**  
Ends indigestion

It relieves stomach misery, over-acid, belching and all stomach disease or money back. Large box of tablets at all druggists in all towns.—Advertisement.

## STANDARD BROOMS

MADAM:

Try this experiment on your next broom. In "ordinary" brooms the fiber will be brittle and short-lived. STANDARD BROOMS sweep cleaner and last longer because of the strength, toughness and durability of the fiber. Name STANDARD Brooms in your next order.

A Poor Broom Makes Poor Housekeeping

Can't Split in the Middle

Just one of the details that make the superiority of the Standard Brooms. The best grades of flax twine are used, where cotton twine is "good enough" for inferior brooms. The housewife knows.

An inferior broom cannot "sweep clean."

## STANDARD BROOMS

Made in Los Angeles for More Than 20 Years

Superior in Every Detail of Broom Construction.

**STANDARD WOODENWARE COMPANY**  
Manufacturers of BROOMS and BASKETS

Wholesalers of PAPER, PAPER PRODUCTS, PAPER BAGS, TWINES, ETC.

828-30-32 Traction Ave. LOS ANGELES Main 414 Home 60401

WHY DOES YOUR BROOM WEAR OUT TOO FAST?

In ordinary short-lived brooms the fiber is brittle and short-lived.

Standard Brooms are made of long-lived flax twine. They do their work better and last longer.

Order them from your dealer. There's a Standard Broom for every use.

The Best Is Now Too Good for the Good Housewife.

# A Letter to the Public:

This is to tell you about what we've done to prices on fine clothes.

We've reduced them so that you will get next year's prices right now. Hart Schaffner & Marx have co-operated with us to make these reductions possible.

Labor and the materials that went into these clothes were the highest known. But we're forgetting what these clothes cost.

We've always tried to give you the best clothes values in Los Angeles; now we're going to break all previous records—and we hope that we'll break the backbone of high prices for good.

We'd rather have the reputation for being the biggest factor for reducing clothes costs for you than to have the profit on these clothes.

Here's what we're doing. These reductions are on the new fall and winter suits and overcoats bought for our new store.

Hart Schaffner & Marx suits and overcoats worth \$50 to \$90—now \$40 to \$68.50.

Blue Serge suits specially marked at \$50, \$60 and \$65.

Hart Schaffner & Marx Boys' suits and overcoats worth \$25 to \$47.50—now \$19.50 to \$32.50.

We'll be glad to show you.

Yours truly,

*F.B. Silverwood*

## Half the Land

Now under cultivation by the Japanese Gardeners in Los Angeles County will return to barren wastes if the proposed Alien Land Law is carried at the election, November 2.

## And Remember This

The proposed Law is not an exclusion act. It has nothing to do with sending the Japanese from the country—it only proposes to send them from the truck patches where most of your food stuff is grown. Even those who hate the Japanese admit they are expert gardeners, who produce more food for less money. If this is accomplished on land, that if they leave will remain idle, those who buy food stuff can not hope to profit by the change.

## There is No Sentiment in Business and This is a Business Proposition

In the decision of all vital questions the wise man casts his prejudice aside and acts according to his best judgment. Your loyalty as an American citizen commands you to do the same when you vote on a question involving the welfare of the entire community. When you remember that present laws provide Japanese can not own land and that it is now proposed to prevent them from renting it back Justice and Common Sense say

**VOTE "NO"**

ALIEN LAND LAW, INITIATIVE NO. 1.

## A Danger Warning —Bleeding Gums

Are your gums tender? Do they bleed when brushed? If so—watch out for Pyorrhea.

The disease of the gums, which afflicts four out of ten people over forty, not only destroys the teeth, but also weakens the health.

In Pyorrhea, the gums become spongy, then recede; decay, loosen and fall out—or must be extracted to rid the system of the infecting Pyorrhea bacteria which breed in pockets about them. These bacteria lower the body's vitality and cause many diseases.

You can keep Pyorrhea away. Visit your dentist for tooth and gum inspection, and use Forhan's Gum Cream.

Forhan's Gum Cream prevents Pyorrhea—or checks its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's Gum Cream keeps the gums firm and healthy—the teeth white and clean.

Just using it today. If your gums have receded, use Forhan's according to directions, and consult a dentist immediately for special treatment.

You need 60c tubes. All druggists.

## BENSON IS FOR NEW WATERWAY

Believes Lakes to Ocean Route Would Help Railroads.

New York Project Hearing Has Lively Session.

Canadian Remarks of Philadelphia.

(BY A. F. NIGHT WIRE.)

BOSTON, Oct. 21.—The United States Shipping Board eventually will be to shipping what the Interstate Commerce Commission is to railroads, in the opinion of Admiral William B. Benson, chairman of the board, who addressed the Chamber of Commerce today.

He said it was essential for the American merchant marine that vessels be owned and operated by private parties, and he urged such vessels be given preference by shippers over those of foreign countries, even though the rates were slightly higher.

Admiral Benson supported the St. Lawrence River canal project, saying this country, if necessary, should finance the project.

He said it would relieve the coal situation of New England, as the railways were already overtaxed in their efforts to haul coal.

INFERRECE RESENTED.

(BY A. F. NIGHT WIRE.)

NEW YORK, Oct. 21.—Intimations that Canada is anxious to have the United States bear a large share of the expense of constructing the proposed St. Lawrence waterway is resented by the people of the Dominion, today declared Charles M. McGrath, chairman of the Canadian section of the international joint commission investigating the project.

Mr. McGrath made this statement at a hearing before the commission here when Small P. Albright, president of the Philadelphia Bureau, speaking in opposition to the plan, said that "if Canada wants this canal, let her pay for it."

Mr. Albright, warning of peril to American investment in the enterprise in case of war with Great Britain, had added that "instead of having a new Mediterranean, the Great Lakes would become another Black Sea with a Dardanelles."

VIGOROUS REPLY.

Mr. McGrath stopped the speaker with vigor said: "The Canadian people never asked anyone to build anything for them. It is quite disagreeable to have suggestions made intimating otherwise. Canada has taken her place as a citizen of the world and she is prepared to bear her full responsibility."

The Canadian chairman pointed out that the movement for the waterway connecting the Great Lakes with the Atlantic originated in the United States Congress.

The statement by Mr. McGrath brought cheers from those attending the hearing and Mr. Albright offered an apology.

Opponents of the waterway project appeared before the commission throughout the day. They represented commercial organizations from Greater New York and also from Philadelphia.

The commission closed its hearings.

## INVASION BY SEA DEFENSE MOVED.

Fort Guns Located Near New York Now Under Control from Boston.

(BY A. F. NIGHT WIRE.)

BOSTON, Oct. 21.—Primary defense of New York City against an invasion by sea would be directed from this city, under a War Department order issued today at the headquarters of the First Corps area. The order transfers to the First Corps area that part of the State of New York that lies east of longitude 72.30 west, comprising the eastern half of Long Island with Forts Wright, Terry and Michie and the extensive defenses of Block Island. These defenses were erected for the defense of New York, but are now adjudged to be more important for the protection of New London, Bridgeport and Southern Connecticut in general.

\*\*\*\*\*

late today and departed for Detroit, to hear arguments there the remainder of the week. Then they will go to Minneapolis, Chicago, Indianapolis and Cleveland in succession.

ACTRESS RECOVERS:  
ATE POISON CANDY.

(BY CABLE AND ASSOCIATED PRESS.)

LONDON, Oct. 21.—Peggy O'Neill, the actress, who, about a month ago was taken suddenly ill during a performance at the Savoy Theater, has just returned to her place in the cast. She declares her illness was due to an attempt to poison her.

She says a box of chocolates was sent to her dressing-room anonymously. She ate some of the candy and soon was taken seriously ill. One chocolate was given to a pet dog, which died. An analysis showed the candy contained arsenic and strychnine.

Any poor fish can have a whale of an appetite—but what's the use without—says Bobby.

## Alleged Plot to Smuggle Japs Into Northwest.

(BY A. F. NIGHT WIRE.)

SEATTLE, Oct. 21.—Evidence of an alleged plot to smuggle nine Japanese into the United States and transport them by "underground railroad" to Western Washington has been discovered by immigration officials here, it is said, following the arrival here yesterday of the steamship Alabama Maru.

The stowaways came from Wakanabe, Japan, and each had an address in Western Washington to which he was destined, immigration officials said.

RANCH FOREMAN IS  
KILLED BY MEXICAN.

(BY A. F. NIGHT WIRE.)

DOUGLAS (Ariz.), Oct. 21.—Mose Sever, American citizen and foreman of the Cananea Duluth mine of the Cananea Consolidated Copper Company at Cananea, Sonora, died today of a gunshot wound inflicted by Ramon Navarro yesterday morning, according to a telephone message from Naco tonight. Navarro, a Mexican, remains at large.

Turks Shell American College.

(BY CABLE AND ASSOCIATED PRESS.)

ANTAB (Asia Minor) Oct. 19 (Delayed).—The Turkish Nationalists, who have been fighting the French in this region, shelled the American College in this city today.

King's Condition the Same.

(BY CABLE AND ASSOCIATED PRESS.)

ATHENS, Oct. 20.—No change took place during Wednesday in the condition of King Alexander of Greece, according to the bulletin tonight.

## STATE ROAD WORKERS GIVEN PAY INCREASE.

(BY A. F. NIGHT WIRE.)

SACRAMENTO, Oct. 21.—Pay increases ranging from \$1 to \$10 a month for employees of the State Highway Commission were approved today by the State Board of Control and Civil Service Commission.

The increases are mostly in the lower branches of the service, and application for an increase from \$400 to \$425 a month for division engineers was denied.

ORLANDO IN BRAZIL.

## The Book of Knowledge

The Children's Encyclopedia  
10,000 Educational Pictures In Five Languages 350 Colored Plates  
English French Spanish Italian Portuguese

Answers Every Question A Child Can Ask

Why do we grow old?  
Who made the first electric light?  
How did the days get their names?  
Why is a river always running?  
Why does lightning strike some things and not others?  
Where does the wind begin?  
Why does the kettle sing?  
Where do thoughts come from?  
What makes coal burn?  
Why has a star five points?  
What is it like at the bottom of the sea?  
Why are tears salt?  
Why do we have names?  
What is a thunder-bolt?  
How high can men fly?  
Is the earth hollow inside?

## The Nation's Greatest Asset

The children of today are the citizens of tomorrow. They are the nation's greatest asset. No labor so important, no duty so imperative, as that of making the children into 100% American citizens. We do not want bookworms, we want intelligent, well-informed, forceful men and women, who can do their own thinking. Only a small part of this education can be obtained in the schoolroom. Three-fourths of it must be acquired in the daily reading, entertainments and occupations in the home.

THE BOOK OF KNOWLEDGE is a new method of education in the home. Over 10,000 delightful educational pictures and brief intensely interesting articles tell the children everything they need to know in plain and simple language. It is the first work of reference which a child ever really enjoyed reading. It expands every faculty of the child's growing mind and takes care of the outdoor as well as the indoor life of the home.

## Curiosity—the Great Teacher

CURIOSITY is the beginning of all knowledge. Do you know any subject about which your child has not asked you a dozen questions? Let him ask as many as he likes, and be sure to answer them correctly. That is the parent's most important and most easily neglected duty. If you discourage your child's curiosity you will injure his mind, and the bright boy or girl becomes stupid or indifferent. Through curiosity Columbus discovered America. THE BOOK OF KNOWLEDGE is the simplest and most natural method of helping the child to educate himself. IT ANSWERS EVERY QUESTION A CHILD CAN ASK IN PLAIN AND SIMPLE LANGUAGE. So captivating is this great original work to the mind of a child that he absorbs with little effort the profound truths and great facts of the world of knowledge while reading its delightful pages and looking at the thousands of striking educational pictures.

## Your Child Is Unique

Your child is like no other child in the world. He has his own peculiar taste and need for both physical and mental food. Some kinds of food agree with him and some do not. THE BOOK OF KNOWLEDGE is the right kind of nourishing food for the child's mind during the growing years. Give your child this remarkable, original work and watch carefully which of the 16 Great Departments interest him most. Nature, Science, History, Biography, Astronomy, Physiology, Art, Literature, Poetry or Manual Training. It will prove THE KEY to his natural bent, and the kind of work or profession in which he will most easily succeed.

## Your Child's Chance

In round number, what is your child's chance to become successful? If uneducated, he has one chance out of 150,000; with a common school education, 4 chances; with a high school education, 87 chances; with a college education, 800 chances; WITH THE BOOK OF KNOWLEDGE in the home, every chance. It is not a luxury, it is an absolute necessity. It is an INVESTMENT in your child's future which will pay dividends as long as he lives. In over 650,000 homes today the children are being educated with THE BOOK OF KNOWLEDGE. Give your child his chance to compete with them.

## If You Have Children of School Age Mail This FREE COUPON Today

Times readers may obtain free of charge the valuable and attractive illustrated book of specimen pages from THE BOOK OF KNOWLEDGE. Let the children decide whether this new method of education interests them. Send for FREE 80-page book which contains the following subjects: The Sun and His Family; What Our Skin is Like; How the Nail Grows on the Finger; How the Teeth Grow; The Nerves of Smell; The Marvel of Hearing; The Lords of the Wild Kingdom; A Concrete Ship in the Water; The Wonderful Birth of the Wheat; How We Dig Up Sunshine; Making the Desert Blossom; Canada the Wonderland; The Republics of South America; The Boy Carpenter's Box of Tools; West Point and Annapolis, and Others.

## To Protect the Alfalfa Industry

Under the corporate name—"Alfalfa Growers of California, Inc." 2000 alfalfa raisers formed a co-operative organization in 1918 to protect this vitally important industry. It is interesting to note that, in point of value, the alfalfa crop, amounting to \$125,000,000 in 1919, easily surpasses that of any other product of the State.

The purpose of the association is to assist its members in the disposal of their alfalfa and milk making crops, and also to aid them financially. Further, through its efficient organization the association operates to equalize the distribution of these crops throughout the State. This tends greatly to avoid violent price fluctuations and thereby protects the farmers from the losses which inevitably occur in a glutted market in any one locality.

The Alfalfa Growers of California maintains headquarters in the Pacific Electric Building, with branches in leading cities throughout the great alfalfa sections. It is gratifying to note that this big association installed Weber Showcases and Picture Company standardized furniture in its Los Angeles office.

We believe you, too, would appreciate "Weber" service.

### Can You Use \$100 In Cash?

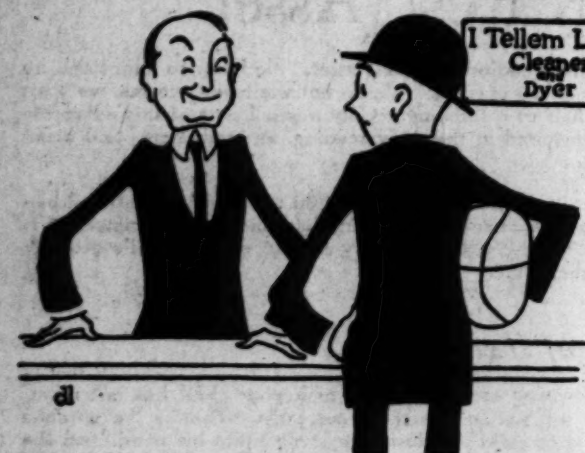

THE Garrick Theater will pay \$100 in cash for the best 200-word description of any scene in the photoplay "Shadows of the West," now showing there.

Applause does not give sufficient indication as to which scene would be the best for the tens of thousands of large posters with which Cinema Craft, Inc., owners of the picture, will flood the East when the film is shown there, to be the feature of said posters. The picture on the poster should give the East a vivid idea of conditions as they exist in California and as they are depicted in the film.

See the film, then write your idea of the best scene. No drawings accepted. Write on one side of the paper only and address your letter to "Contest Manager, Garrick Theater." If your letter is adjudged the best, a check for \$100 will be mailed you.

**Contest Closes October 27**  
**Get Your Letters In Early!**

## A Warning

It has come to our attention that certain "neighborhood cleaners and dyers" have taken garments to dye, under the false pretense that this work would be done by the City Dye Works.

The authorized representatives of the City Dye Works of Los Angeles give written receipts bearing the name of this concern for all garments entrusted to them for cleaning or dyeing.

As a protection to our customers and to our good name we issue this warning. Demand a City Dye Works receipt. It is your assurance of satisfactory work. The man who falsely claims to be giving City Dye Works service is guilty of a criminal offense. We will appreciate any information that will lead to the conviction of such offenders.

There is only one way to obtain City Dye Works "dyeing" or "cleaning"—obtain this service from one of our branch stores or call South 120 or 27071.

TRADE MARK  
**City Dye Works**  
3000 CENTRAL AVE.

### WARM WELCOME TO SHORTRIDGE.

Tour of Imperial Valley is Triumph for Candidate.

His Doctrine of Protection is Received With Plaudits.

Support Pledged to Work of Harnessing the Colorado.

(EXCLUSIVE DISPATCH.)  
EL CENTRO, Oct. 21.—Bearing the Republican message of "Protection for California" on a triumphal tour of the Imperial Valley today, Samuel M. Shortridge carried his Senatorial campaign into six cities of the county, where farmers, cotton growers, business men and workers gathered by the hundreds to make known by their presence and by enthusiastic applause their hearty support of his candidacy.

From Calipatria, where Mr. Shortridge arrived at 8 a.m. for the record early-morning speech of his campaign, he left tonight, where the "B.R.O." sign was out, and at Brawley, Imperial, Holtville and Calexico—wherever he appeared, in fact—ovations were tendered the candidate.

Mr. Shortridge's determined stand for a protective tariff on lemons, cotton, rice and other California products won hearty approval from his audiences, as did his promise of speedy action by a Republican administration to shut off the Japanese invasion of California.

Mr. Shortridge said:

"I promise you that after six years in the Senate I shall have accomplished something more for California in the Japanese problem than to placard the State at untold expense with idle slogans on the subject."

Not only protection of California products in American markets but the fostering and aiding of California agricultural and horticultural interests in their development, Mr. Shortridge declared to be a basic plank in his platform and a fundamental Republican principle.

He declared in favor of Federal aid for irrigation projects, in addition to State aid, and pledged his support to the work of harnessing the Colorado River for the benefit of the Imperial Valley. He opposed the "Wilson League of Nations" and made known his stand in favor of the American Legion's four-fold plan of adjusted compensation.

It was 1:30 a.m. when the audience started gathering at Calipatria today and when Mr. Shortridge started speaking at 8 o'clock, 100 people were present.

Ross T. Hickcox, chairman of the county committee, conducted the tour. J. N. Myers presided at Calipatria. Judges C. W. Godwin, H. Young, C. R. Prince, Superintendent of Schools, and Judge W. J. Harper were the Reception Committee.

Swiss Reek Loan in America.  
(BY CABLE AND ASSOCIATED PRESS.)  
BERNE, Oct. 21.—The Swiss government is negotiating through Lee, Higginson & Co. of Boston for new loan of about 300,000,000 francs. The money is to be used to electrify the national railways. The exact terms of the loan have not been fixed.

Stomach Trouble and Constipation.  
"I have never found anything so good for stomach trouble and constipation as Chamberlain's Tablets," writes Mrs. E. Hopper, Auburn, N. Y. [Advertisement.]

Damaged Chimney.  
W. B. Stigler, 51120, is prepared to attend to

### Campbell Urges Recognition of Border Republic.

(EXCLUSIVE DISPATCH.)

PHOENIX, Oct. 21.—Gov. Campbell within the past few months has been taking special interest in the betterment of conditions between the new government of Mexico and the border States and has established most amicable relations with the governing officials of the States of Chihuahua and Sonora.

With much information at hand, he dispatched this morning the following telegram to President Wilson:

"Believing that stabilized constitutional government has been established in Mexico and being assured of its continuance through election of Gen. Obregon, whom I personally know and in whose honesty, ability and integrity of purpose I have the utmost confidence, would respectfully urge that recognition of Mexican republic be granted at earliest possible consistent date."

Friendly relations existing between the border States of Texas, New Mexico, Arizona and Mexico reflect confidence in the present administration of the sister republic and may be taken as an earnest of the future.

(Signed)  
"THOMAS E. CAMPBELL,  
Governor of Arizona."

### CHARGE JAP PLOT TO SMUGGLE DRUGS.

(BY CABLE-EXCLUSIVE DISPATCH.)

SHANGHAI, Oct. 21.—W. E. Priestly, a Seattle business man, stated today that the Japanese are engaged in a great conspiracy to smuggle opium, morphine and other habit-forming drugs into America.

He declared the police departments of Seattle and San Francisco had absolute evidence of wholesale smuggling of habit-forming drugs into the Western States from Japanese boats that touch American ports.

Seattle, he declared, is now raising a fund of \$20,000 to launch a campaign to stop the manufacture for export purposes of habit-forming drugs in both America and in England.

NO LEAD approximately 6.2 per cent of the

...the public school pupils in  
rall, or 2369 of them, are re-  
instruction from teachers trained  
Los Angeles, and that about 17  
cent of 5194 pupils are being  
taught by California-trained teach-  
The Los Angeles Normal  
school trained a larger percentage  
of the Hawaii teachers, than any  
other school on the mainland. There-  
fore, he says, are learning  
Americanization better in the islands,  
when they return to the main-  
land. It will have had experience  
which will be invaluable for Ameri-  
canization work here.

Soon tomorrow, Mr. McCaughey  
speaks on "The Pacific Coast  
of the Twentieth Century World"  
at the City Club Luncheon, Monday  
11:15 p.m. He will talk on "Edu-  
cation in Hawaii" at the southern  
club, University of California.

## Mind and Body

...ances in your mental attitude or  
"What's the Matter, Daddy?"  
is the voice. The depression  
is minor because of his profound soli-  
darity to your side, but his  
vibrant spirits are gone—replaced  
by a gloominess  
is finally to keep them in body and leave in  
soul. Dark, depressing clouds hang  
over the world.

## LYKO

### Great General Tonic

...and doped that wrap-up  
...your strength and vigor, overcome  
...of overwork and worry, revive your  
...and your hold on life. Being a naturally  
...valuable aid to digestion and a very  
...general health, because of its positive pro-  
...constructive value, its use is especially  
...of hypochondria, muscular or mental fatigue,  
...and loss of nerve due to general weakness of  
...the body. LYKO is particularly bene-  
...for the entire system and keeps you  
...of your strength for a better today.

## Nervous Breakdown

"I am so nervous it seems as though I should fly"—"My nerves are all on edge"—"I wish I were dead." How often have we heard these expressions or others quite as extravagant from some loved one who has been brought to this state by some female trouble which has slowly developed until the nerves can no longer stand up under it. No woman should allow herself to drift into this condition without giving that good old-fashioned root and herb remedy Lydia E. Pinkham's Vegetable Compound a trial.

### Read the Letters of These Two Women.

North East, Md.—"I was in ill health for five or six years and doctored with one doctor after another but none helped me. I was irregular and had much terrible pain in my back, lower part of my body and down each side that I had to go to bed three or four days every month. I was very nervous, find, could not sleep and could not eat without getting sick. A friend asked me to take Lydia E. Pinkham's Vegetable Compound and I am sorry I did not take it sooner for it has helped me wonderfully. I don't have to go to bed with the pain, can eat without being sick and have more strength. I recommend your medicine and you are at liberty to publish my testimonial."

ELIZABETH WEAVER, R. 2, North East, Md.

Minneapolis, Minn.—"I was run down and nervous, could not rest at night and was more tired in the morning than when I went to bed. I have two children, the youngest three months old and it was drudgery to care for them as I felt so irritable and generally worn out. From lack of rest and appetite my baby did not get enough nourishment from my milk so I started to give him two bottle feedings a day. After taking three bottles of Lydia E. Pinkham's Vegetable Compound I felt like a new woman, full of life and energy. It is a pleasure to care for my children, and I am very happy with them and feel fine. I nurse my baby exclusively again, and can't say too much for your medicine."

Mrs. A. L. MILLER, 2633 E. 24th St., Minneapolis, Minn.

Nervous, Ailing Women Should Rely Upon

## Lydia E. Pinkham's Vegetable Compound

LYDIA E. PINKHAM MEDICINE CO. LYNN, MASS.

First: It is sold at a moderate price. You save when you buy it.

Second: It has more than the ordinary leavening strength; therefore, you use less.

Third: There are no failures—no spoiled bakings. Nothing is thrown away because it always makes the sweetest, most palatable of foods.

Fourth: It is used by millions of housewives—leading domestic science teachers and cooking experts.

YOU SAVE  
WHEN YOU BUY IT—WHEN YOU USE IT

CALUMET BAKING POWDER

Fifth: It's the best Baking Powder that can be produced. Was given highest awards at World's Pure Food Exposition, Chicago, Paris Exposition, Paris, France.

Sixth: It contains only such ingredients as have been officially approved by the United States Food Authorities.

The finest quality Baking Powder—at the most economical cost. Strictly pure—absolutely dependable. "The Biggest Bargain That Goes Into the Kitchen Today."

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Nut  
Cookie  
Recipe  
—1/4 Cup butter, 1/2  
Cup sugar, 2 Eggs,  
1/2 Cup flour, 1 Level  
teaspoon Calumet  
Baking Powder, 1/4  
Cup chopped nuts,  
1 Teaspoon lemon  
juice. Then mix in  
the regular way.

## SOCIETY.

BY VIRGINIA WOODS.

Mrs. Marcus Daly.  
Mrs. Marcus Daly of New York and Montana is an interesting visitor arriving here today to visit her sisters, Mrs. J. Ross Clark and Mrs. Joseph A. Lewis. Mrs. Daly comes from Montana where she spent the past three or four months at her summer home. She is now on her way to New York, but will probably spend several weeks here. Plans for social affairs in her honor will be made according to her wishes. Mr. and Mrs. J. Ross Clark and Mrs. Henry Carlton Lee spent part of the summer with Mrs. Daly.

Luncheon and Matinee Party.  
Mrs. Eli P. Clark is to be hostess tomorrow at luncheon at the Hotel Clark followed by a matinee party. She is to have fourteen guests.

To Southern Camp.  
Lieut. and Mrs. Cornelius Brown have just left for Columbus, Ga., where he is to be at Camp Benning until next June.

Lieut. Brown's mother, Mrs. Emma Cole Brown and her sister, Mrs. Howard Scott, are expected to be home every Thursday afternoon throughout the winter. Yesterday an interesting little group dropped in for a cup of tea.

Mrs. Childs.  
Mrs. Ozo W. Childs and daughter, Miss Emeline Childs, of this city, who recently returned to America from an extended absence in Paris, France, have just taken a handsome house in New York on Fifth Avenue just opposite St. Patrick's Cathedral and are busy just now, getting settled in it. They are to have as house guests a few days, Mr. and Mrs. Leo Chandler, who are now in Washington, D. C., attending the banking convention, and will visit in New York before returning home. Mrs. Childs and Miss Emeline will probably not visit Los Angeles until next spring.

By Mrs. McKee.  
Mrs. Henry E. McKee of 2626 Portland Place, is to be hostess on Tuesday afternoon at a tea in honor of Mrs. John Posey, formerly of Lisbon, N. H.

For Miss Phelan.  
Miss Mary Louise Phelan, sister of U. S. Senator Phelan of San Francisco, was complimented at a tea in honor of Mrs. John Posey, formerly of Lisbon, N. H.

The guests were seated at three tables that were adorned with pink roses, violets and delphinium in baskets tied with pink, blue and lavender tulle. Miss Foy was assisted by Mrs. George J. Dennis each of whom presided at a table. The guests were Miss Frank A. Gibson, W. J. Pearson, Walter Schler, Mary Marshall Wiley, Michael J. Regan, J. B. Elliott, Mattison B. Jones, F. L. Murphy, Charles M. Brown, Henry J. Stewart, J. Frank Russell, Joseph Timmons, P. T. White, Thomas Lee Woolwine, Benjamin Elsdon, Lemoyne Willis, and Martha Nelson McCan.

For Bride-elect.  
Miss Helen Staats, who is to marry Eugene Turner Westray on November 2, is the incentive for a reception and tea at which her sister, Mrs. Stuart, of 427 S. Serrano street is arranging for Thursday afternoon, October 28.

Halloween Party.  
On Halloween night, Mrs. W. W. Gray of Berkeley Square, is to entertain at a dinner-dance in honor of her young daughter, Miss Dorothy Gray, who is one of the season's debutants. There are to be twenty guests.

Mr. and Mrs. Tower.  
Mr. and Mrs. Frederick Tower (Flora Whitney) of New York, who have taken the Nathaniel Wilshire home, are now in Corona where they went to visit his brother-in-law, Capt. William Abbott Robertson.

Halloween Party.  
Mr. and Mrs. Myron Etienne are to give a dinner-dance at the Midway Country Club on Halloween night. He has just finished his sea duty and is to be retired at once.

## REDUCE

OR  
INCREASE  
YOUR  
WEIGHT

No Diet or Gymnastics  
20 YRS.' SUCCESS

Milton H. Berry, the Noted Physical Educator, with offices, 401 Merritt Bldg., will convince the most skeptical that his method of reducing and increasing weight is a positive and permanent success. To anyone interested enough to call upon him, or write, he will furnish with evidence that is indisputable.

Mr. Berry does not employ Diet or Gymnastics in his method of teaching. Each individual case is taught in accordance with his or her condition—what may apply to one will not, as a rule, apply to another. To better illustrate this point, a young woman, 5 ft. 6 in. weighing 150 lbs., reduced her weight within six months to 125 lbs. Her physical power increased from the first week. On account of her obesity she had restricted her diet, but upon becoming enlightened as to the necessity of ample food, she ate what agreed with her and in accordance with her desires. Now, this lady was not asked to do anything that was a strain upon her organs.

While another lady who weighed 150 lbs., of the same height and in three months reduced thirty pounds. What was applied to the first lady would not apply to the other lady, yet both were of the same height and reduced to the same weight. The difference in their functional condition when they came under my teachings were exactly opposite, one was nervous, bowel elimination unnatural and circulation retarded, while the other was in a fairly healthy condition.—Advertisement.

## 550 Wool Knicker Suits, \$18.50

—Featured in an Event of unusual importance, commencing in Bullock's Boys' Store—Friday, October 22, and ending at noon Saturday, October 30!

An unusual event because Suits of such remarkable qualities as these are to be offered at so low a price—\$18.50! Here's a chance for parents to save no mean sum on the Boys' Suits and yet—for both boys and parents to be more than satisfied!

—Only through a most fortunate purchase and the reduction on much higher priced Suits already in stock, has Bullock's been able to make this remarkable offering!—The Suits are of splendid wool Tweeds—Homespun and Cashmeres; the colors are gray, brown, green and heather mixtures; the styles are Norfolk, semi-Norfolk and belted models, some with yokes and pleats; all new Fall models, and all made to sell at much higher prices; alpaca lined and tailored with care; sizes for boys of 8 to 17 years; 200 Suits have two pairs of pants. —Parents who would share—and to share means exceptional Savings and inimitable Satisfaction—would do well to note that this price will prevail only from October 22 to October 30—and that the number of Suits is limited to 550! —Bullock's Boys' Store is on the Fifth Floor.

## Children's Wool Gloves

—Now, at a most opportune time, when cool days are already making their demand for warm gloves—Bullock's offers splendid grade Woolen Gloves for Boys and Girls at really unusual prices, ranging from 35c to \$2.50 the pair—for Children from infant's age to 14 years.—Fifth Floor.

Barber Bill's  
Merry-Go-Round  
Barber Shop  
Bullock's—Fifth Floor.

## Witches are Camping

—on Bullock's Fourth and Fifth Floors—in the Boys' and Girls' Stores. They've pitched their tents for Friday and Saturday morning—and during that time will give Halloween Gifts to all Boys and Girls who visit them. —They're kindly, yet full of mystery!

## Corsets for Misses

—Bullock's Corset Section is specializing in "stays for the little daughter"—and expert attention is given to the needs of growing girls. —A Saturday morning feature is "Fitting for Misses"—at which time even Corset Waists may be tried on. —Fourth Floor.

## Trimmed Hats for Girls

—Millinery for Girls—a specialization at Bullock's—on the Fourth Floor. A specialization that permits the offering of splendid hats at low prices. —For this Friday and Saturday morning's selling special emphasis is to be given to Trimmed Hats for Girls from 4 to 16 years. —Handsome hats of Lyons velvet—trimmed with many novelty effects; black with colored facings; daintily trimmed with touches of handwork in small flowers and gold thread embroidery. —Hats in the soft shades of pink, rose, turquoise, also black, brown and navy. —And coupled with their low prices ranging from \$8.75 to \$15.00—these Millinery offerings should prove irresistible.—Fourth Floor.

## Girls' High Lace Boots at \$6.85

—A special offering for Friday in the Boys' and Girls' Shoe Store on Bullock's Fifth Floor. —Splendid Shoes of Brown Calf or Black Gun Metal Calf. Have broad toes of English style toes. Sizes 2 1/2 to 7. Remarkable values at this special price for Friday's selling. —Special values for Saturday morning's selling will be given in Bullock's advertisement this evening. Fifth Floor.

## Girls' Winter Coats, \$19.50

—Of Velour—of Bolivia—of Tinseltone and Silvertone! Coats in the lovely, warm shades of Reindeer, Navy, Copenhagen, Gray and Brown.

—many of them with Fur collars—others with cape and choker collars; both straight line and belted models are included; novelty stitching is used in many instances for trimming; fancy buttons are oftentimes used for adornment. —Oh—they're wondrously attractive, these coats for Girls of 6 to 16 years! And they are built for Service and warmth as well—for their materials are of the best, the tailoring is all expert work—and the splendid linings give added warmth. —And the price—\$19.50—is an almost unbelievable one!

## Wool and Lingerie Dresses, \$8.75

—A regrouping and repricing of a few dresses from broken lines has resulted in this special offering from Bullock's Girls' Store.

—Some Dorothy Frocks included in the group; dresses of lawn, of madras, pique and linen; some of wool; every dress of remarkable quality and value at this new low price, \$8.75. —For girls of 6 to 14 years. Fourth Floor.

## Children's and Misses' Bathrobes, \$3.95

—A most opportune offering of Beacon Blanket Robes at special prices. Many attractive patterns and designs are represented. Included are light blue, pink, brown and white—and dark blue with Indian designs—rose, tan, gray with red. —All have nice pockets and cords—some with square collars bound in silk and corduroy. Splendid values from \$3.95 to \$10.75. Fourth Floor.

## Roller Bearing Hand Cars, \$8.75

—For tomorrow, Saturday morning's selling—at Bullock's; an offering so amazing in its Value—Unusuality that the 100 offered should not stay at Bullock's. —Have 36 inch wood frames, 8x 20 1/2 inch seat boards, steel gear drives, 10 and 14 inch roller bearing wheels with 1/2 inch tires, adjustable to fit children from 5 to 15 years. Fifth Floor.

## Boys' Pony Stockings 50c Pair

—Here's a continuation of that remarkable offering that has made so many friends for the Children's Hosiery Section on Bullock's Fifth Floor.

—Only through a fortunate special purchase is Bullock's able to offer this high grade Wayne Knit Hosiery at so low a price.

—Pony Stockings are of remarkable strength and as such are highly desirable for School wear.

—Girls' Pony Hose are priced at 55c and 65c the pair. Fifth Floor.

 The Associated Press is exclusively entitled to the use for publication of all news credited to it or not otherwise credited in this paper and also the local news published herein.

**MUMBLING.**  
 That mumbled noise you hear is not a wheelbarrow going over a bridge, but is William Jennings Bryan trying to keep still for Cox.

**THE FIRST LAP.**  
 Babies and dogs must be carried on the lap if they are passengers on the street cars or else a fare must be paid. Some of these 15-year-old babies may take to riding free under this ruling, as it isn't much of a trick to find a man with an accommodating lap.

**SAFETY FIRST.**  
 There are said to be 15,000 empty houses in Cleveland. Why can't they load them on some of their motor cars and move them West? Cleveland is one of the cities that took much pride in its growth in the iron and steel industries and brought in many thousands of foreign workmen. When business is slack, a strike is on or an industry stales these forces may prove a disastrous liability rather than an asset. There is something more valuable to a city than the mere number of its human beings, and Los Angeles will do well to choose its fresh industries with a view to their permanence and the character of their personnel. Los Angeles prefers something more than numbers.

**THE DUTY BEES.**  
 The county bee inspector says that there is so much work in his department that he cannot possibly attend to it. He asks for at least twenty deputies and, as there is no provision for their maintenance, he begs them to be patriotic and serve without pay. Any patriot who is willing to serve his country by inspecting and reviewing its bees will do well to stand forth and show his head above the rank in this hour of the nation's need. It does seem that in a Presidential year the bees are more numerous, more plaintive or something. Anyhow, they have to have a lot of care and attention. Any trained nurse who is used to tending bees can be a lot of help just now to an overworked bee inspector.

**TAKING COUNSEL.**  
 Senator Harding again declares that "America will play her part in a suitable association of nations which does not involve the surrender of American sovereignty and which is built upon a basis of justice rather than force." With this declaration in mind he might well take the counsel of the friends and champions of a League of Nations—leaders like Elihu Root, William Howard Taft, Nicholas Murray Butler, Herbert Hoover and Charles E. Hughes. These might well represent America in the reconstruction of a League in which the World Court of Justice should be a cornerstone. The conclusions attained by such a quintette would be far more comforting to the men and women of America than the dogmatic assertions of an isolate mind like that of President Wilson. If Mr. Wilson had never learned a note music he would sit down at a cathedral organ in austere confidence that he could recreate the lost chord.

**THE FOREIGN MARKET.**  
 The Chinese flour is reported to be selling in Holland for about eight cents a pound. It is good flour, although, of course, not as white as the output of the American mills. That is no hardship in Central Europe, as the darker flours are more familiar and are apt to have the preference. The frozen beef of Argentina is also sold now in Holland, Sweden and Belgium and is sold cheaper than the home product. So it may be seen that the American millers and packers have plenty of competition in foreign markets and in all lines of manufacturing there will be problems in holding and extending our foreign trade and still upholding the American wage standards. It is certain that the American millers cannot pay \$2 a bushel for wheat and \$5 a day for unskilled labor and compete in the price of flour with China, where wheat can be raised at a profit at forty cents a bushel and where wages might not be thirty cents a day. It is a situation that calls for practical statesmanship and a return to the counsel of the tariff and economic experts of the Republican party.

**RULES OF THE AIR.**  
 We are to have a county inspector of aeronauts whose business it shall be to see that our peerless county is not all cluttered up with blunders. As it may be seen that the county ordinance will regulate the flight of aircraft and mayhap designate routes over which they must pass. The Supervisors will prescribe the tail lights that shall be carried and regulate the distances between the flyers. They may also determine the manner of descent and must performer makes a miscue and plows up the garden of some citizen with his back. There must be a law of the air lines just as there must be traffic regulations for our boulevards, and Los Angeles county, as the future center of the world's aviation, must pioneer in this matter. A law of the air must be made as safe and sane as possible and regulations should be devised to stimulate practical commercial aviation. It may be already necessary to get after the speed fiends, the scarecrows who cut the corners and the buzzards who run down the standing blimps or open their mufflers when coasting over the Methodist Church.

**GETTING COLD FEET.**  
 Looks as though some of Gov. Cox's supporters are getting ready to throw up the sponge. During the last month three big free-trade papers in New York sent special correspondents out through the country to report on the trend of political sentiment in regard to Presidential candidates. While these correspondents naturally looked upon the situation through Democratic glasses, their dispatches have created about as much enthusiasm in Democratic quarters as a wet blanket. Putting the best face possible on the situation, they agree that nothing short of a miracle can secure the election of Gov. Cox.

Now comes the first movement of these Democratic dailies to stand from under. During the month of July the New York World was enthusiastic in the support of Gov. Cox. In August the going was getting bad and the World cooled slightly in its enthusiasm. Cox came West in September and made a number of protectionist speeches in California. When these were telegraphed back East the World became mildly critical. It suggested that Gov. Cox was the nominee of the Democratic party and would do well to stick to the pronouncements of the Democratic platform. His protection heresy cut the World to the quick. With the beginning of October the reports of the World's special correspondents began coming in and the World stopped back from Democrat to Independent and expressed thinly-veiled regrets that the Democratic National Convention did not nominate Hoover or McAdoo.

Here is the way the World discussed the selection of Cox as the Democratic nominee in a recent editorial:  
 His record as Governor of Ohio gave him a status of his own in the San Francisco convention; but what really nominated him was the determination of a little group of Democratic bosses to beat McAdoo because of quarrels about patronage. Murphy, Nugent and Brennan took up Cox. They were not for Cox, but against McAdoo, and, having defeated McAdoo, Tammany, at least, lost all interest in the campaign. If it has lifted a finger to help the Democratic candidate, that fact is not in evidence. When Senator Hitchcock and Senator Reed find common ground for supporting Gov. Cox, when Tom Watson and Joe Bailey can both pose as Democrats, how could it be expected that the voters would be thrilled with enthusiasm? Voters are cynical and indifferent when they do not know what they are voting for.

The World could have gone much further along that line without departing from the truth. It could have said that Murphy and Brennan gave their followers in San Francisco to understand that it made little difference who was nominated; that the chances of any Democrat winning the Presidency this year were nil; that the Democratic extravagance and inefficiency had put the fat in the fire; and that it was a good time to even up old scores and at the same time strengthen their state machines. Nor is the World the only leading Democratic paper that is weakening in its support of Gov. Cox. When the New York Times received reports of Gov. Cox's speeches to the Nonpartisan League in North Dakota it observed editorially, more in sorrow than in anger, "Gov. Cox is saying many things that were much better left unsaid."

The Times feels inclined to protest that these Democratic editors are not good sports. They were aware in July that Cox was merely a ward politician and knew nothing of world affairs; they realized that he owed his nomination to Tammany Hall and that the American people would never consent to a Tammany dictation of the government of the United States; they knew he would never be able to give the peace condition under which the United States could enter the League of Nations, with or without reservations; yet they pledged him their support. Gov. Cox is neither better nor worse than he was in July, and it is unparliamentary for them to desert their candidate now for a give the peace condition under which the United States could enter the League of Nations, with or without reservations; yet they pledged him their support. Gov. Cox is neither better nor worse than he was in July, and it is unparliamentary for them to desert their candidate now for a give the peace condition under which the United States could enter the League of Nations, with or without reservations; yet they pledged him their support.

**"SOUTH OF THE TEHACHEPI."**  
 This famous phrase, made familiar to millions of Americans by the Times—some of whom quite pardonably wondered what the Tehachepi was—has derived a new significance for many in this country since the census statistics on California appeared. Eastern newspapers still continue to comment on the great gain in California's population between 1910 and 1920, an increase of 1,045,996, and they say it's climate that has caused the remarkable jump. That means that Southern California can claim the credit for causing the remarkable migration from eastern and northern States. The Boston Transcript notes that most of the people who come West to escape the East's bitter winters are not satisfied with even the fine, mild, invigorating climate of Northern California, but they come south of the Tehachepi. It is with them a case of palm trees and lotus buds or nothing, it poetically says. Further, it is noted that it is not the red, orange and yellow salesmen to choose what sort of climate they shall have, who are moving from those sections of the country where the climate is rigorous. "Workers on small pay manage somehow to find a favorable breeze to take them toward the Tehachepi range." The Boston paper seeks to find a reason why the American race has become so sensitive to cold that thousands flock to this warmer clime. It recalls the days of the forefathers when they had neither furnaces nor stoves, but managed to survive the winters, and it argues that the trend toward Southern California is caused by the increasing luxury and growing nervousness due to a more exhausting life which causes an aversion to all forms whatsoever of discomfort. In a word, it is climatic cowardice, but it congratulates Southern California on a condition which results for it "in unbounded development and prosperity."

**THE PRICE PEAK.**  
 The purchasing agents of the country at their national convention agreed that prices were dropping and had passed their peak. This is encouraging, for frequently a purchaser doesn't know what he is talking about. The convention also seemed to be of the opinion that if people only purchased when and what they needed prices would drop still lower. Nothing very new or startling about this. It is merely corroborative proof that the consumer can do his part in making the country safe and sane.

## "Love Me, Love My Dogs."

**PROOF OF THE PUDDING.**  
 If Ireland should raise a little band of patriots and defeat in open warfare the whole armed might of the British Empire; if the Koreans, unassisted, were able to march on Japan and drive back the Mikado's warriors into the China Sea; if Mexico, just emerging from civic anarchy, could marshal a sudden mob of men and capture the commonwealth of Texas we should all exclaim that the whole world was turned topsy-turvy and the law of consequences had been relegated to the scrap heap.

The present British Empire would have to disintegrate entirely to admit armed defeat at the hands of Southern Ireland; Japan would have to confess its strength an empty boast, to be impotent before the onslaught of the Hernal Kingdom; the United States would have to disappear as a nation or Mexican invaders of Texas could dictate a Mexican peace.

Yet not one of these admittedly absurd imaginations is more extravagant than the spectacle that has actually been witnessed in the supplement to the World War. Consider the condition of Poland; a small nation newly created after centuries of enslavement, confined to the worst devastated area among the battle-ridden portions of Europe; squeezed in between the Russian ramp and the German torso; halfheartedly supported by the Allied powers responsible for its uncomfortable rebirth. Yet this infant in arms turns the tables and utterly defeats the military force, assembled by a great nation of nearly 150,000,000 inhabitants, owning a quarter of the land surface of the globe, blessed with greater natural resources than any other people on earth, absolutely immune from seasonal foreign invasion.

Of course, the solution of the mystery is simple. Poland was not fighting the Russian people. Poland was not fighting a half of 1 per cent of the Russian resources. Had Poland been attacking the ancient empire of the Czars under similar conditions there could have been no Poland left today to tell the tale. And the Lord knows they are ready enough as it is. If all the women are going to be armed with Colts it will take at least two Leagues of Nations to make the world safe for the Democrats. If the women must have artillery let them be restricted to the bow and arrow. That will be plenty.

**STRIKERS AS STRIKE-BREAKERS.**  
 Almost exactly a year ago practically the entire Boston police force was sent on strike and delivered the city into the hands of hoodlums for a day and two nights. They struck for the right to serve their union and to be paid for their services. They were permitted to return to their posts.

What became of these men has never been a matter of some discussion. Undoubtedly a great many of those without some trade drifted into the private police and guard forces maintained around powder mills, factories, etc., but the recent traffic disturbance in New York has brought many of them to light.

It has been discovered that a large number of the Boston policemen who were suspended for unionizing are now working as strike-breakers on the Brooklyn Rapid Transit; they seem to have lost their faith in unions.—[Wall Street Journal.]

**A POOR WAY TO FREE IRELAND.**  
 Perhaps the women who riotously interrupted the Carnegie Hall meeting in commemoration of the Pilgrims had some well-considered theory that by such conduct they were advancing the cause of Ireland, but most people will regard the demonstration as both unwise and indecent. It has been and still is the misfortune of Ireland that its political aspirations and activities are too often expressed by interference with the rights of others in no wise responsible for conditions in that country. Although a great principle underlies the Irish question, it is obscured more of the time by forms of violence on one side or the other. When conspiracy does not reveal itself in assassination and arson directed against known foes, the sympathy of neutrals is sought, as in this case, by insult and disorder.

that Poland has proved the unpalatable and indigestible nature of the ingredients that go into the bowls of the Bolshevik pudding. They have turned out the well-seasoned stomach of Emma Goldman.

**THE HELPLESS SEX.**  
 The president of the Woman's Protective Association in Illinois advises the members of her sisterhood to arm themselves with pistols and other venal weapons and to use the same on obstreperous and unmannerly males.

It is against the law for men to carry revolvers, but burglars and highwaymen do, and this woman reasons that members of her sex will all tote guns and not hesitate to use them.

If the ladies are going to carry artillery this will be a fine country to move away from. Won't somebody please organize a Men's Protective League to save the trousseaued gentry from being mangled by the Amazonian Musketeers. If all the wrens are to carry pistols, let them be restricted to shot on sight when he-vampires are spied in the offing, this country will be given over to one continuous carnage. How can a woman fire on sight, anyhow? Nearly all the girls we wot of shut their eyes when they shoot. If they are all going to shoot, let them be given the New York "Fighters' Defensive League to save Jack Dempsey from the ravages of the French. The women don't need protection from the men because they are already chasing the men all over the place. If they must carry weapons let them stick to their hat pins and curling irons. The Lord knows they are ready enough as it is. If all the women are going to be armed with Colts it will take at least two Leagues of Nations to make the world safe for the Democrats. If the women must have artillery let them be restricted to the bow and arrow. That will be plenty.

**You Can't Get Away With It.**  
 Billie Lale says never pretend to know more than you do and then when you get caught, why, there won't be any comebacks like Sig Snickerberry had back in Plumville, Mo.

Sig was going down the street past the Baptist Church the day of the Old Man Sydenstricker funeral and was Thompson was tolling the bell, tipping the people of Plumville off, as the custom was in those days, and maybe yet, for all Billie knows, as to the years of the deceased.

Just as Sig got even with the church the oldest Thompson boy came running up to tell him that the second boy had swallowed a quarter and to bring a doctor quick. "Well, I always knew the Old Man Sydenstricker was a liar, but I never would have thought of his being so fat." Sig couldn't count, but he hated to admit it to Wes, so he took the rope and went on ringing the bell. After awhile a couple of old ladies came up the steps on the way to the funeral and one of them said: "Well, I always knew the Old Man Sydenstricker was a liar, but I never would have thought of his being so fat." Sig couldn't count, but he hated to admit it to Wes, so he took the rope and went on ringing the bell. After awhile a couple of old ladies came up the steps on the way to the funeral and one of them said: "Well, I always knew the Old Man Sydenstricker was a liar, but I never would have thought of his being so fat." Sig couldn't count, but he hated to admit it to Wes, so he took the rope and went on ringing the bell. After awhile a couple of old ladies came up the steps on the way to the funeral and one of them said: "Well, I always knew the Old Man Sydenstricker was a liar, but I never would have thought of his being so fat." Sig couldn't count, but he hated to admit it to Wes, so he took the rope and went on ringing the bell. After awhile a couple of old ladies came up the steps on the way to the funeral and one of them said: "Well, I always knew the Old Man Sydenstricker was a liar, but I never would have thought of his being so fat." Sig couldn't count, but he hated to admit it to Wes, so he took the rope and went on ringing the bell. After awhile a couple of old ladies came up the steps on the way to the funeral and one of them said: "Well, I always knew the Old Man Sy

1878 Coulter's is the Oldest Established Dry Goods Store in Los Angeles

Coulter's is the Third Oldest Dry Goods Store on the Pacific Coast

1920

# Coulter's 42<sup>nd</sup> Anniversary

Under existing market conditions, it seems particularly appropriate that the oldest established dry goods store in Los Angeles should celebrate its 42nd Anniversary by unusual reductions on its well-known first-class merchandise.

*Coulter's Dry Goods Store*  
Seventh Street at Olive

See Our Advertisement on Opposite Page Also

## Special Sale Notices

On account of the great reductions at which goods are offered, please do not ask for refunds, for exchanges, or to have goods placed in C.O.D. "Will Call" Desk for later delivery. Mail Orders carefully filled.

## Prices on the Majority of Our Coats, Suits, Dresses Have Been Considerably Lowered

Throughout the assortments, although our prices are known to be now fair as fair can be, we have made reductions which make it wise to wait no longer for "sales," but to come straight to Coulter's and secure one's winter wardrobe. Just a few prices herewith:

### Certain Coats Reduced 25%

Bolivias, Evoras, Velours, Tinsel-tones and other of the popular winter materials included.

Colors—brown, navy, reindeer, taupe, black and other serviceable shades.

Styles the best that well-known manufacturers have turned out for winter, 1920.

### Good Suits \$37.50

Tricotines, velours—many of the most highly-favored winter materials; in new colors.

Some are handsomely fur-trimmed. Others are tailored in style.

All are much reduced.

(Third Floor)

### Fine Dresses \$37.50

TR

"Chris, who is that girl?"

What had the old servant told her mistress?

## Who was she ?

Why did the proud old family eagerly accept the pretty salesgirl?

### How a "flapper" looks to a woman of ninety

A woman of ninety, who has seen four generations of flappers, encounters the irrepressible young woman of 1920!

In Mrs. Harland's youth, the properly brought up young woman blushed—today it would take a hardy blush to penetrate the "complexion" that is so universally worn. Then it was genteel to faint—now it is sporting to face anything with a nonchalance of a receiving teller.

Off they rush in their too short skirts and their too low waists dabbling on their complexions as they go. "Self-expression" leads them to strange extremes but this young woman of ninety finds it in her heart to love and understand them.

She tells why in the November Pictorial Review.

### A group of unusual short stories

Here are six real stories—six stories! Every one of them vivid, unusual—the type of short story you have come to expect in Pictorial Review.

A story of suppressed desires. Read "Lucy Moon" by Hugh Walpole.

A story of the circus. Read "The Simp" by Courtney Ryley Cooper.

A sparkling tale of adventure. Read "A King of Paris" by H. Collinson Owen.

A story of overwhelming passions. Read "Second Hand" by G. Ranger Wormser.

A rollicking yarn of the sea. Read "A Whale of a Story" by Richard Matthews Hallett.

The story of a striker's wife. Read "Paying the Piper" by Charles Caldwell Dobie.

### A mystery story of New York society by Kathleen Norris

SOBBING, broken, the grand old lady begged her children not to question her—just to accept the girl.

Accept this pretty little nobody from a book store counter—they, one of the proudest, one of the wealthiest of all New York's old families!

Take her from the shop, from the obscure apartment where she lived with their old servant—into the envied citadel of their exquisitely formal lives!

What would people say? What would they think?

Was that hushed family scandal lifting its head again? Unbelievable, intolerable—its price had been paid years ago!

Kathleen Norris takes you into the life of New York's Four Hundred. Brilliant, intimate, powerfully written, it is a revealing portrait of the young society girl of today—the sober world of work—and through it all that baffling entangling question—to whom did the girl belong?

Two women knew—and would not speak. Two men rushed blindly on, loving her—the cultured sensitive gentlemen and the earnest young mechanic. Where could she find happiness, this girl with the conflicting blood of two worlds in her veins?

### "THE BELOVED WOMAN"

by Kathleen Norris

Begins in this issue

### Was John Cummings justified in leaving his wife?

She was a good woman. She was kind to her children. And she was a perfect housekeeper. Even had handstitched hems on all her curtains. Kept her home spick and span. And yet John went. Why did he go away with that other woman? Just what made him desert his wife? John said she was such a good housekeeper she didn't know how to make a home. He wanted companionship.

But he had to go out to get it.

Now before you get mad with John read what Montanye Perry says about him. Mrs. Perry has been keeping tabs on the neighbors in her own town, and she isn't quite sure that John wasn't halfway right.

There's an awful jolt for a lot of "good" wives in her article in Pictorial Review for November entitled "When is a wife not a wife?"

### Do you know where the waist-line will be this winter?

### Do you know the proper width for skirts?

The November Pictorial Review contains the forecast of Winter fashions. The newest and most charming styles are shown, with descriptions of the favored fabrics and valuable little hints concerning trimming and accessories.

This is to be a season of straight lines and gay embroideries. The moyen-age dress, with its simple lines and long waist-line promises to hold the first place in the popular favor.

One of the most noticeable features of the new styles is the lavish use of vivid, "peasant" embroideries, charming designs that enliven the simplest frock.

There is a Pictorial Review pattern to reproduce exactly all the styles you like best.

1878 Coulter's is the Oldest Established Dry Goods Store in Los Angeles

Coulter's is the Third Oldest Dry Goods Store on the Pacific Coast

1920

# Coulter's 42<sup>nd</sup> Anniversary

*Coulter's Dry Goods Store*  
Seventh Street at Olive

See Our Advertisement on Opposite Page Also

Under existing market conditions, it seems particularly appropriate that the oldest established dry goods store in Los Angeles should celebrate its 42nd Anniversary by unusual reductions on its well-known first-class merchandise.

## Reduced 25%

### Our Entire Superb Display of Silks, Velvets, Woolen Dress Goods and All Linings

From the store that enjoys a wonderful reputation all over Southern California for the excellence of its assortments of these commodities the news above will come as tidings of paramount interest. We never had better assortments of foreign and domestic merchandise of the high Coulter quality standard; every piece is now fairly marked at this season's selling prices; yet off those prices we take **one-fourth**, in this Anniversary celebration.

(Second Floor)

### Every Article in Linens Reduced 25%

Napkins; Tablecloths, Bath Towels; Crash Toweling; Madeira Linens; Linen Sheets; Linen Pillowcases; Breakfast Cloths; Bedspreads; Wash Cloths; Bath Mats.

#### Fine Linen Cloths

Hundreds of them, all sizes from 45 inches square to those 108 inches square; John S. Brown, McCrum, Watson & Mercer and other noted makes included, now \$8 to \$120, reduced one-fourth.

Sheer Lawn Embroidered Bedspreads — limited quantity in 72x108 and 90x108 sizes. At Half.

(Second Floor)

#### Derryvale Linens

From Ireland — for which we have sole Los Angeles agency — also included in this special sale.

#### Cloths and Matching Napkins

All at a reduction of one-fourth.

### Everything in Bedding Reduced 25%

Just at winter's beginning, when you would gladly pay full price to be sure of having sufficient warm bedding comes this timely sale.

#### All Blankets

White, plaid, colored and fancy; blanket comfortables, and crib blankets.

#### All Comforts

Silk, satin, sateen, silkoline and cambric covered; filled with down, lambswool and Imperial cotton.

#### All Mattresses

And springs; also in the sale.

(Second Floor)

#### All Bedroom Furniture

## Can You Use \$100 in Cash?

THE Garrick Theater will pay \$100 in cash for the best and nearest 200-word description of any scene in the play, "Shadows of the West," now showing there.

Applause does not give sufficient indication as to which scene would be the best for the tens of thousands of large posters with which Cinema Craft, Inc., owners of the picture, will flood the East when the film is shown there, to be the feature of said posters. The picture on the poster should give the East a vivid idea of conditions as they exist in California and as they are depicted in the film.

See the film, then write your idea of the best scene. No drawings accepted. Write on one side of the paper only and address your letter to "Contest Manager," Garrick Theater.

To the writer of the letter we select a check of \$100 will be mailed.

**Contest Closes October 27**  
**Get Your Letters in Early!**

## FLASHES.

## YOUNG DYAS TO STAR.

ANGELENO BUSINESS MAN TO  
TAKE UP FILMS.

By Grace Kingsley.

Just because you are engaged in coldly commercial pursuit like the selling of sporting goods, including boxing gloves, etc., is no reason why you should not take a wallop at art. Anyhow that's what David Winter Dyas thinks.

Up to a fortnight ago, it seems, Mr. Dyas had never had the slightest idea of making an effort to uplift the picture. Then all of a sudden appeared on the horizon of his more or less drab commercial life no less a vision than the beautiful Katherine MacDonald.

Even then Mr. Dyas had no idea of what fate held in store for him. It all happened at a party to which the two were invited. And maybe nothing would have occurred to the current of Mr. Dyas' life then had not Miss MacDonald beheld him in the act of charitably turning the handle of an ice-cream freezer because a servant had left unexpectedly.

Miss MacDonald rightly reflected that any man who could look handsome turning an ice-cream freezer could look handsome in any situation in life. She inquired whether he was interested in picture work, he acknowledged he was, to the extent of looking at them, anyway, and admitted he had played a bit in amateur theatricals.

Then Miss MacDonald inquired if he would change his name. He looked startled, especially as this is leap year, but the actress explained she merely meant for professional purposes.

It was decided that in case he should go into pictures he would be known by the euphonious moniker of David Winter. Winter is a family name with the Dyases.

Mr. Winter, as he shall be henceforth known in this column, successfully underwent a picture test, showing to possess not only looks but much acting ability, and yesterday he signed up with E. F. Fineman, vice-president of the Attractions Exhibiting Corporation, on a long-term contract.

He is to appear as leading man for Miss MacDonald in her next two pictures, and following that is to be starred by Mr. Fineman.

## BRADY JUNIOR TO WED FILM STAR.

A romance that had its inception in New York a year ago, will culminate in a wedding the 27th inst. when Miss Thelma Percy, screen siren, and a young man who has been married in Los Angeles to William A. Brady, Jr., son of the theatrical manager and producer, will be united in matrimony.

Miss Percy, who is playing the lead in the latest Hamilton-Whitely production, "The Girl Who Came to Stay," will retire from the stage and screen at the request of her future husband. Although still in her teens, she has an enviable record on the stage and screen.

Starting on her journey through calcium land, at the age of 6, Miss Percy has played in numerous productions, "Mistaken Identity," "Blue Bird," "Pickwick Papers" and "The Lady of the Slipper."

On the screen she appeared opposite Eddie Polo in "The Vanishing Dagger," "Princess and the Pea," "The Star Rover," and "The White Merman Comedies for leads, succeeding Marvel Rex.

William A. Brady, Jr., the prospective bridegroom, is assistant manager for his father's large theatrical interests in this country and abroad. His sister, Alice, is a noted star of the screen and stage.

Mr. and Mrs. William A. Brady, Sr., are on their way to Los Angeles from New York, to be in attendance at the wedding.

Attendants will be entertained.

It looks now as though there is to be at least one young lady in town next week who won't have a single dull moment. This is Signorina Frances Cappellano, who plays the leading part in the French Canadian lass in "Tiger Rose," which comes to the Mason Monday.

Out of make-up, it seems, this young lady is of a mild and socially inclined disposition, and as she is a niece of Robert Vignola, the well-known picture director, she has many friends here who are planning to entertain.

Eddie Polo to Eileen, is to leave tomorrow for New York, going thence to Havana.

Polo is participating being Universal's champion entertainer. Inasmuch as he is to make a series of personal appearances at the Cohan picture houses, and has the language to express any kind of a threat he may chance to have at any given moment.

De Haven Announces Cast.

That lively young couple, Carter de Haven and Flora de Haven, having given a proper party to open up the Chaplin studio, are feeling the urge to go right to work these days. They have, in fact, been industriously casting their next picture, which is to be a film version of Anthony Mann's comedy, "Girl in the Taxi."

From out the turmoil, with sleeves rolled up, Mr. De Haven issues with up one of the most competent casts ever assembled in pictures. Also he vents it, known that he doesn't believe there is in all Hollywood a finer director than Lloyd Ingraham.

The cast includes King Baggot, Grace Cunard, Leo White, Tom McGuire, Lincoln Plummer, John Gough, Otto Harlan and the Misses Zella Ingraham, Margaret Campbell and Freya Sterling.

Winifred Westover Soon.

The palatial news is just received that that much-traveled person, Winifred Westover, who has been spending what was at the time a time as could be expected over in Sweden making film versions of Ibsen plays, is back in this country. She is in New York, getting an eyeful of Broadway's white lights, but her friends expect to see her back in Hollywood's cultural center within a few weeks.

Fox Head to Visit.

They're shining up the knob on the front door out at the Fox studio in anticipation of the visit of Winfield Sheehan, general manager of the Fox Film Corporation.

Mr. Sheehan is going to take a peek at the fair maid in "The Queen of Sheba" and also at the scenes of "A Connecticut Yankee in King Arthur's Court."

Just what other excitement he will stir remains to be seen.

## Reviving European Impressions.

## FLASHES.

It was decided that in case he should go into pictures he would be known by the euphonious moniker of David Winter. Winter is a family name with the Dyases.

Mr. Winter, as he shall be henceforth known in this column, successfully underwent a picture test, showing to possess not only looks but much acting ability, and yesterday he signed up with E. F. Fineman, vice-president of the Attractions Exhibiting Corporation, on a long-term contract.

He is to appear as leading man for Miss MacDonald in her next two pictures, and following that is to be starred by Mr. Fineman.

## BRADY JUNIOR TO WED FILM STAR.

A romance that had its inception in New York a year ago, will culminate in a wedding the 27th inst. when Miss Thelma Percy, screen siren, and a young man who has been married in Los Angeles to William A. Brady, Jr., son of the theatrical manager and producer, will be united in matrimony.

Miss Percy, who is playing the lead in the latest Hamilton-Whitely production, "The Girl Who Came to Stay," will retire from the stage and screen at the request of her future husband. Although still in her teens, she has an enviable record on the stage and screen.

Starting on her journey through calcium land, at the age of 6, Miss Percy has played in numerous productions, "Mistaken Identity," "Blue Bird," "Pickwick Papers" and "The Lady of the Slipper."

On the screen she appeared opposite Eddie Polo in "The Vanishing Dagger," "Princess and the Pea," "The Star Rover," and "The White Merman Comedies for leads, succeeding Marvel Rex.

William A. Brady, Jr., the prospective bridegroom, is assistant manager for his father's large theatrical interests in this country and abroad. His sister, Alice, is a noted star of the screen and stage.

Mr. and Mrs. William A. Brady, Sr., are on their way to Los Angeles from New York, to be in attendance at the wedding.

Attendants will be entertained.

It looks now as though there is to be at least one young lady in town next week who won't have a single dull moment. This is Signorina Frances Cappellano, who plays the leading part in the French Canadian lass in "Tiger Rose," which comes to the Mason Monday.

Out of make-up, it seems, this young lady is of a mild and socially inclined disposition, and as she is a niece of Robert Vignola, the well-known picture director, she has many friends here who are planning to entertain.

Eddie Polo to Eileen, is to leave tomorrow for New York, going thence to Havana.

Polo is participating being Universal's champion entertainer. Inasmuch as he is to make a series of personal appearances at the Cohan picture houses, and has the language to express any kind of a threat he may chance to have at any given moment.

De Haven Announces Cast.

That lively young couple, Carter de Haven and Flora de Haven, having given a proper party to open up the Chaplin studio, are feeling the urge to go right to work these days. They have, in fact, been industriously casting their next picture, which is to be a film version of Anthony Mann's comedy, "Girl in the Taxi."

From out the turmoil, with sleeves rolled up, Mr. De Haven issues with up one of the most competent casts ever assembled in pictures. Also he vents it, known that he doesn't believe there is in all Hollywood a finer director than Lloyd Ingraham.

The cast includes King Baggot, Grace Cunard, Leo White, Tom McGuire, Lincoln Plummer, John Gough, Otto Harlan and the Misses Zella Ingraham, Margaret Campbell and Freya Sterling.

Winifred Westover Soon.

The palatial news is just received that that much-traveled person, Winifred Westover, who has been spending what was at the time a time as could be expected over in Sweden making film versions of Ibsen plays, is back in this country. She is in New York, getting an eyeful of Broadway's white lights, but her friends expect to see her back in Hollywood's cultural center within a few weeks.

Fox Head to Visit.

They're shining up the knob on the front door out at the Fox studio in anticipation of the visit of Winfield Sheehan, general manager of the Fox Film Corporation.

Mr. Sheehan is going to take a peek at the fair maid in "The Queen of Sheba" and also at the scenes of "A Connecticut Yankee in King Arthur's Court."

Just what other excitement he will stir remains to be seen.

## RADIOS.

## CO-STARS IN NEW SHOW.

## BUSHMAN AND BAYNE TO HAVE LEADS IN "WHISTLER."

By Edwin Schallert.

The immediate future of those two noted screen stars, Francis X. Bushman and Beverly Bayne, who have been in Southern California the past two months, awaiting plans of Oliver Morosco, seems to have been definitely settled. It is understood that they are to appear in the coming presentation of "Whistler," the play built around the life of the famous painter, which is to have its premiere at the Egyptian Little Theater.

The plot of the piece is said to team with incidents of sparkling romance in the journey through calcium land, at the age of 6, Miss Percy has played in numerous productions, "Mistaken Identity," "Blue Bird," "Pickwick Papers" and "The Lady of the Slipper."

On the screen she appeared opposite Eddie Polo in "The Vanishing Dagger," "Princess and the Pea," "The Star Rover," and "The White Merman Comedies for leads, succeeding Marvel Rex.

## MUSICAL.

## PIANIST AND SINGER.

ATTRACTIONAL JOINT RECITAL AT  
ALEXANDRIA.

By Jeanne Hedman.

Claire Forbes Crang, pianist, and J. Spencer Kelly, singer, were heard in concert last evening at the Alexandria Hotel. Mrs. Crang made her first appearance here several weeks ago, playing at the Grauman Theater, but she has a well-established reputation in the Eastern States, where she has appeared with such organizations as the Boston Symphony Orchestra.

Her appearance on the concert stage is particularly agreeable, and her playing was so tasteful and appropriate as to command comment. Her style as a pianist is broad and dramatic; her technique more forceful than delicate in finesse.

She has a strong feeling for the mood of the composer, which was especially noticeable in modern works like the Russian group, consisting of Rachmaninoff, Arensky and the Spaniard, Albéniz, whose "Seguidilla" she played with delightful discretion.

The Chopin Ballade was so familiar as to admit of little that was striking in interpretation, but her gift for placing climaxes was evident in that popular number.

A group of four songs, "See Me," written by Douglas Crang, were sung by Spencer-Kelly, who is keenly alive to the text of his songs. His voice undoubtedly suffered somewhat from the lack of ample space which is, or should be, an important feature of a singer's recital. There is also a need, as a rule, for more than one instrument to accompany that voice, although Mrs. Crang was admirable in her work as accompanist.

The Crang songs are new in interval and somewhat modern rhythm, but the voice parts are simple and restrained. The songs "Mistaken Identity" and "Blue Bird" were sung by Spencer-Kelly, as did his last group, of Gershwinoff and Rimsky-Korsakov.

Arrangements have been completed whereby Monroe Salisbury's first independently produced feature, "The Barbarian," will be released through the Pioneer Film Corporation.

Mr. Salisbury has just returned to Los Angeles after six weeks in New York. He is to begin work immediately. It is announced, on the production of "Practice What You Preach," from the story by Sarah Waters, scenarized by Reed Huston in collaboration with James Colwell.

Ford Ross in East.

Harison Ford is already working in a Norma Talmadge production in New York entitled "Batan's Paradise." Mr. Ford signed a year's contract with Joseph M. Schenck to play leads opposite Norma and Constance, and left the Coast for New York about a month ago.

Bowen with Lee.

A gentle rivalry seems to exist between Thomas H. Ince and J. Parker Read for Robert Bowen's services. Having made three productions for Read, Mr. Bowen has returned to the Ince side of the Ince studio lot, and has begun work on a new production, bearing the somewhat mysterious title, "Pearls and Pain." The original was by Carol Wilson. Roland Lee will direct.

The theme is oriental, having to do with the lure of an enormous pearl in the wake of which follow romance and tragedy.

A Chinese character is one of the leading parts and will be played by Tully Marshall.

Richard Dix, who recently came west to appear in pictures, has switched back to Gladwin studio to assume an important role in "Mr. and Mrs. Jones," the Ernest Archer production by Rupert Hughes. The cast also includes Helene Chadwick, who is featured; M. B. (Lefty) Flynn, James Neill, Edith Chapman and Kate Lester.

Mr. Dix was formerly on the stage at the Morosco Theater here. Upon his return to the Coast from a theatrical engagement in New York he looked over the manager's film special, "Parrot & Co.," from the MacGrath novel.

Richard Dix, who recently came west to appear in pictures, has switched back to Gladwin studio to assume an important role in "Mr. and Mrs. Jones," the Ernest Archer production by Rupert Hughes. ## ORANGE COUNTY FOUNDER DEAD.

R. Q. Wickham Answers Call at Home at Eldridge.

Gave Gov. Lowden of Illinois Start as Teacher.

For Many Years Minute Clerk in State Assembly.

R. Q. Wickham, known as the "founder of Orange county," is dead at his home at Eldridge, in Sonoma county, where he succumbed to an attack of heart disease on Wednesday. Mr. Wickham, who was 65 years of age, was born near Findlay, O., and was a friend of Gov. Lowden of Illinois when the Illinois man was a struggling youngster. He helped the Governor to secure his "net job" as a school-teacher, when he was only 18 years of age.

About 1884 Mr. Wickham and his family removed to Orange county, settling at Garden Grove. He was the prime mover in the creation of Orange county and drafted all the resolutions necessary for the creation of that county. He was the County Clerk for two terms there, and subsequently was chief deputy Sheriff.

On his removal to Los Angeles in 1888 he became interested in newspaper work with the Los Angeles Herald, and afterwards was connected with the County Recorder's office here as index clerk until 1903 when Gov. Pardee appointed him as secretary of the Southern State Normal at Eldridge, which position he held until his death. Mr. Wickham, prior to his removal to Eldridge, was minute clerk of the Assembly of the Legislature for twelve years, and throughout his life had always taken a very active interest in Republican politics.

Death was caused by heart failure. He leaves his widow, Mrs. Laura R. Wickham, two sons, Eldon R. Wickham, land attorney of El Centro, and George R. Wickham of Hermosa Beach, City Attorney there and Assemblyman for the Sixty-first District; also a daughter, Miss Laura T. Wickham, a student in the University of California at Berkeley.

Mr. Wickham was known as an expert county organizer and was sent for in the creation of Riverside, Madera and Kings counties, where he drafted the necessary documents to complete the organization of those counties.

**AUTOING "CAPTAIN" CHANGES HIS MIND.**

ADmits GUILT ON CHARGES OF TAKING AUTO AND LETTER CONTAINING CURRENCY.

J. Alfred P. Bellefleur, alias "Capt. J. Allan Brooks," changed his plea from not guilty to guilty in U. S. District Judge Trippett's court yesterday to two indictments, one charging him with taking a Pierce-Arrow automobile from Cincinnati without the consent of the owner, the other with impersonating A. E. Van Rippert, and secured a letter containing \$14 in currency from the Los Angeles postoffice. He will be sentenced Monday.

Bellefleur bought the automobile in Cincinnati with a check for \$8000 that after proved to be fraudulent. A salesman of the company from which the automobile was purchased accompanied Bellefleur to the East to see if the check was good but in Washington Bellefleur

## LAW GIVES DOG ONE FREE BITE.

Woman Loses Damage Action Because Attack on Her Was Canine's First.

Because it was not shown that a dog belonging to E. C. Zerris had ever bitten any person before biting Mrs. Alma Westberg in Wilmington, Oct. 2, 1919, Judge Valentine yesterday declined to award Mrs. Westberg damages against Mr. Zerris. The law is that a dog is entitled to one bite; after that his owner may be held liable after being notified.

Judge Valentine said he regretted the law had been so construed. It was evident that Mrs. Westberg had been severely injured.

Last January Mrs. Westberg obtained judgment for \$225 in this action, but a new trial was granted.

Following his preliminary examination before U. S. Commissioner Long, Bellefleur was committed to the County Jail and later on made an unsuccessful attempt to escape.

When arraigned in the Federal Court ten days ago Bellefleur said he had no lawyer and that he wanted none, as he would conduct his own case. However, George Penmore appeared in his behalf yesterday.

## DELAYED ALARM CAUSES DEATH.

Young Woman's Life Lost in Factory Building Fire.

Arrests Expected as Result of Rumored Orders.

Firemen Rescue Girl Workers Overcome by Smoke.

Why was there a delay in turning in an alarm to the fire department when a fire, that cost one young woman her life, injured another and caused a loss of more than \$250,000, was discovered early yesterday morning in the basement of a five-story brick building at 254-260 South Los Angeles street?

This is the question that is being asked by the police department and fire department in an investigation now being conducted of the most serious fire of the year, and which may, according to the police department, result in the arrest of several persons.

From what could be gathered yesterday the fire in the basement of the Los Angeles street business building was discovered at least fifteen minutes before an alarm was turned in to the fire department and was fought for time by several male employees of one of the companies using the building. According to the police several persons have already been found and interviewed who declare that orders were issued by someone in authority not to turn in an alarm when the fire was first discovered.

Trapped by the burning flames on the fourth floor of the building, Miss L. E. Hepburn, 28 years of age, a book-keeper for the Coast Envelope Company, occupying the fourth and fifth stories of the building, was overcome by smoke and burned to death before firemen reached the building by firemen.

Miss Amelia Probst, a printer, also employed by the envelope company, was painfully burned about the face and arms and partly overcome by smoke before she could be carried from the building by firemen.

Fireman John Richardson and Nels T. Albert were cut and bruised by flying glass. They were treated at the Receiving Hospital.

A score of girls employed in the building and a number of firemen were partly overcome by smoke but were not treated at the hospital.

Kohn Brothers Company, wholesale manufacturers of leather goods, on the second floor of the building, set their loss at about \$75,000. The Robert Baer Hat Company, also on the second floor, reported a loss of about \$25,000. The Coast Envelope Company reported a loss of more than \$250,000. They occupied the fourth and fifth stories of the building. The Lichtenberger-Ferguson Company, occupying the third floor of the building, lost more than \$100,000 worth of stock stored in the place. The building, itself, according to the fire department, is damaged to the extent of \$80,000, and adjoining property is also damaged to quite an extent.

From reports made by the police and fire departments, the fire was one of the most dangerous and difficult blazes to handle in the history of the local fire department.

Before the fire department was able to pump a single stream of water into the five-story structure the flames were eating up through the elevator shafts and shooting out of the windows.

Scores of young girls and women employed in the building were rushing down the stairways and screaming for help from the fire escapes. Ladders were thrown against the building and dozens of firemen risked their lives in assisting the panic-stricken women to the ground.

Driven back by the heavy smoke clouds, the firemen donned smoke helmets and rushed into the burning building searching for persons overcome by smoke. Several were found and carried to safety. Fighting their way through a back passage, Fire Chief Scott, with two of his battalion chiefs, attempted to reach the room where Miss Hepburn was known to be trapped. The firemen, in spite of their best efforts, were driven back again and again by the shooting flames and reached the girl only after she was dead. The body was removed to the Receiving Hospital and then taken to the Ivy Overholzer undertaking establishment.

Miss Hepburn, according to officers who investigated the fire, lived at the Grace Apartments, 1212 South Bonnie Street. She was an orphan and had two brothers living in this city. She had been employed by the envelope company for some time.

An investigation of the charges of delay in the turning in of the fire alarm and of the origin of the fire believed to have been caused by a match thrown into a pile of waste paper in the basement of the building, was put under way as soon as the fire was brought under control. It will be continued today.

On account of the fire the public presentation by Mayor Snyder of medals of valor to four firemen, which was scheduled to take place on the steps of the City Hall at 10 a.m. yesterday, was postponed until next week, the date to be announced later.

**HUGE DAM ACCEPTED.**

Devil's Gate Structure Turned Over by Contractor to County.

Marking the completion of one of the most important units in the Los Angeles county flood-control project, the Devil's Gate dam above Pasadena was accepted yesterday from the contractor by Supervisor McClellan for the Board of Supervisors. With Mr. McClellan on his tour of inspection were Secretary Wiggins of the Chamber of Commerce, Flood Control Engineer Reagan and R. A. Bortolick, construction engineer for the county.

Mr. McClellan and the others inspected the entire structure and the tunnel beneath the mountain, which will carry off the first floods of the season.

The dam will be turned over to the county formally this morning, when Mr. McClellan will bring the matter before the Board of Supervisors.

**CONVICTED OF UGLY CRIME.**

Epifanio Albanese was found guilty by a jury yesterday in Judge Willis' court of a statutory offense against Sarah Sandoval, 13 years of age. He will be arraigned Monday for sentence.

## Jolly Jazz Artists Help Out the City's Luckless Mites.

Orpheum Players and Some of Their "Loot" at the Terminal Market Yesterday. In the inset is one of the earlier beneficiaries of the fruit shower drive which is raising money for the Los Angeles Orphans' Home.

## BIG DAMAGE IN GARBAGE PLANT FIRE.

Reduction Company Almost Out of Commission, but is to Handle Refuse Yet.

Fire of unknown origin early yesterday morning almost put out of commission the Pacific Reduction Company, through which the city disposes of its garbage. The blaze was discovered in one of the cookers in the company's plant at Leonard-street and the river and spread to a number of the other cookers before it was extinguished by the fire department. The exact loss could not be determined yesterday.

President O'Brien and Commissioners Treat and McGuire of the Board of Public Works, with City Engineer Griffin and City Auditor Myers, visited the scene of the fire yesterday afternoon. None of the city's property, including 180 mules, garbage wagons, etc., was damaged by the blaze.

"The collection of garbage will continue without interruption," said President O'Brien, "and the Pacific Reduction Company, pending repairs on its plant, will dispose of the material by burning and other means." The city's garbage, which is now dumped into forty-eight steel steam "cookers," each twelve feet in diameter, and five feet high and each mounted on metal legs five feet in height. Maj. Griffin said that possibly fumes from the benzine used in the cookers, caught fire, and as a result thirteen of the cookers were destroyed, and the remaining thirty-five damaged. Maj. Griffin also stated that he believed that inside of thirty-six hours these can be repaired and placed in operation.

## SHIMMY INTO MARKET IN AID OF ORPHANS.

STARS AND CHORUS GIRLS ON TRUCKS, HAUL OFF MUCH FOOD AND CASH.

Three auto loads of theatrical stars and chorus girls from the Orpheum, "shimmied" into the Terminal Market at Seventh and Central Avenue to the tune of "home-brewed" jazz yesterday morning and collected gifts of fruit and vegetables for the orphans at the Los Angeles Orphans Home at 815 El Centro street. The merchants dropped their account books to open their hearts and their crates and potato sacks to the needs of the orphans.

The theater folk brought three large auto trucks with them, and when the show, which lasted more than two hours, was over each truck departed for the orphans home overflowing with everything from apples to walnuts. Neal Abel, Willard Hall, Bob Carleton, and other actors at the Orpheum this week, circulated through the crowd while the girls commanded the foodstuffs, and collected 144 in dimes and nickels from drivers of produce trucks. Scores of merchants placed their names on the books of the orphans society for donations of fruit at reasonable times during the coming year.

The show and canvass by the theater people was staged as a feature of the fruit shower, being conducted this week at 721 South Olive street by the Los Angeles Orphans Home Society. Practically every entertainer at the Orpheum volunteered his or her services to Mrs. E. A. Bryant, who is chairman of the fruit and vegetable campaign. Reports made by the committee in charge of the Fruit Shower headquarters showed that since the beginning of the week, the public has responded with donations for the orphans the average daily total of \$250 in cash, besides gifts of fruits and preserves, amounting to about three truck loads each day. Mrs. T. A. Eisen and Mrs. E. A. Bryant are in charge of the committee. Mrs. Bryant announced that she will be at the Home each Friday, from 10 a.m. to 12 p.m., especially to receive further gifts for the orphans. Visitors are welcome at all times.

## FOR TUSCANIA VICTIM.

Body of Soldier Killed in Ship's Sinking to be Buried Here.

Funeral services for Private Alexander Gillespie, son of Mrs. Agnes Gillespie, who met a hero's death when the Tuscania was torpedoed by a German submarine off the coast of Ireland, will be conducted at 7:30 p.m., tomorrow, in the chapel of Breese Brothers. The services had been arranged for yesterday, but had to be postponed because of a delay in shipping the body from New York. Burial will be in Inglewood Cemetery.

At the outbreak of the war Gillespie was a student at the University of Southern California, and enlisted from Los Angeles. Following the Tuscania sinking his body was buried in Ireland with military honors. Several weeks ago the body was exhumed and shipped to this country.

CARPENTER'S INSOLVENT. Archibald J. Eley, a contracting carpenter of Santa Monica, filed a petition in bankruptcy in the United States District Court yesterday, giving his liabilities as \$129,200, all unsecured, and his assets as \$2800, all listed as exempt from execution.

## ANIMAL HUNTERS HOME.

Dr. Edward Jones, head of a party of wild game hunters for the Southwest Museum, returned home yesterday after a three months' expedition into the wilds of Alaska.

Dr. Jones made the trip to the Yukon country to secure specimens of the wild animals which abound there. There were five persons in the party from this State. In addition five natives accompanied the hunters.

Thirteen caribou, three cows, three calves and seven bulls were secured. In addition to fifteen white mountain sheep and six moose, in all thirty-four whole animals. The doc-

## "BIG HUTCH" AND GUARDS DUE TONIGHT.

After Spectacular Battle to Stay in New York, He'll Stand Bunko Trial Here.

After carrying "to the highest court in New York his fight to evade extradition to this city for trial on a charge of embezzlement, Everett A. ("Big Hutch") Hutchings, will arrive here this evening in charge of Dist. Atty. Woolwine and two investigators of his office.

Hutchings is accused in a grand jury indictment of having defrauded J. B. Norris, a rancher of Decatur, Ill., out of \$51,000 in a fake stock deal. He was arrested in New York. Dep. Dist. Atty. Van Cott went east to fight to have him extradited to this State, but Hutchings' attorney managed to have the accused released on \$25,000 bail pending hearing on an appeal to the highest court of New York State.

Hutchings is in charge of Malcolm McLaren, special investigator for the District Attorney, and Clark Kirkman, an investigator. Mr. Woolwine accompanied the party west to be ready to prevent Hutchings' release by some possible legal action. The party will arrive on the Santa Fe this evening.

Fred Mayne, convicted bunko operator, was taken yesterday from the boarders' section of the County Jail and locked in one of the "bunkos." Mayne is awaiting a decision on his appeal to the District Court.

## DISCUSS FUND DRIVE.

Southern Methodists to Seek Twenty-Five Millions for Education.

Arrangements for the launching of a campaign to raise \$25,000,000 for an endowment fund for schools and colleges affiliated with the Methodist Episcopal Church, South, were discussed yesterday at the business session of the annual conference of the Southern Methodists of Southern California and Arizona. In Trinity church, Dr. Charles D. Bulla of Nashville, Tenn., spoke on the campaign plans and Rev. J. J. Stowe, also of Nashville, discussed the educational work of the church.

At the public service this evening the conference heard of missions will observe the mission anniversary. Dr. Stowe will be the principal speaker. Following the business session in the morning, final reports on church activities for the past year will be made by the various church committees of Southern California and Arizona.

## SUN DRUG COMPANY CELEBRATES BIRTHDAY.

With nineteen stores now in operation in Los Angeles, Long Beach, Pasadena and Avalon, the Sun Drug Company is this week celebrating its nineteenth birthday. According to I. Elmer, the president, five new retail stores have been opened since a year ago; a new supply house at 1114 South Los Angeles street is about ready for occupancy; the number of employees has increased 108 per cent, and the manufacturing area is now increased fourfold. Among the more important accomplishments this year is the building of the new store at Sixth and Broadway.
